Prof. George H. Chase
Cambridge, Mass.

Dear Prof. Chase:

Referring to the meeting of Archaeologists in Boston next week, may I avail myself of your kind offer to arrange accommodations at the Harvard Club, for the nights of Tuesday and Wednesday, August 11th and 12th. May I add, that, if there is any difference in rate, I should prefer the less expensive choice.

Very respectfully yours,

Dear Prof. Chase:

Our visit to the Fogg Museum was a very enjoyable one, although I am sorry I missed seeing you there. Mr. Robinson, however, took very good care of me.

I promised to send you the address of the Photo-Gelatine Printing Company. It is:1018-1022 Washington Street, Hoboken, N. J. I shall speak to the head of the firm at the first opportunity and tell him of what I have said to you, in the event that you may desire to have him submit specimens of his work or possibly to call on you in Boston, should that seem advisable.

May I avail myself of this opportunity to thank you for the delightfulness of my visit to Boston - it was pleasurable as well as interesting and profitable.

Very sincerely yours,
